

id	filename	description	length
1	MAFX019 Volcano - Lava movement and gases escaping - AB Stereo - MikroUsi 01.wav	Erta Ale volcano activity recorded from the edge of the lava lake. Massive volumes of toxic gas being spewed out constantly with occasional lava bursts and bombs. Constant and noisy magma movement. Recorded in AB stereo with LOM MikroUsi microphones.	461,59
2	MAFX019 Volcano - Lava movement and gases escaping - AB Stereo - MikroUsi 02.wav	Erta Ale volcano activity recorded from the edge of the lava lake. Massive volumes of toxic gas being spewed out constantly with occasional lava bursts and bombs. Constant and noisy magma movement. Recorded in AB stereo with LOM MikroUsi microphones.	477,14
3	MAFX019 Volcano - Lava movement and gases escaping - AB Stereo - MikroUsi 03.wav	Erta Ale volcano activity recorded from the edge of the lava lake. Massive volumes of toxic gas being spewed out constantly with occasional lava bursts and bombs. Constant and noisy magma movement. Recorded in AB stereo with LOM MikroUsi microphones.	475,85
4	MAFX019 Volcano - Lava movement and gases escaping - AB Stereo - MikroUsi 04.wav	Erta Ale volcano activity recorded from the edge of the lava lake. Massive volumes of toxic gas being spewed out constantly with occasional lava bursts and bombs. Constant and noisy magma movement. Recorded in AB stereo with LOM MikroUsi microphones.	598,35
5	MAFX019 Volcano - Lava movement and gases escaping - AB Stereo - MikroUsi 05.wav	Erta Ale volcano activity recorded from the edge of the lava lake. Massive volumes of toxic gas being spewed out constantly with occasional lava bursts and bombs. Constant and noisy magma movement. Recorded in AB stereo with LOM MikroUsi microphones.	599,4
6	MAFX019 Volcano - Lava movement and gases escaping - AB Stereo - MikroUsi 06.wav	Erta Ale volcano activity recorded from the edge of the lava lake. Massive volumes of toxic gas being spewed out constantly with occasional lava bursts and bombs. Constant and noisy magma movement. Recorded in AB stereo with LOM MikroUsi microphones.	596,11
7	MAFX019 Volcano - Lava movement and gases escaping - MKH8060 mono 01.wav	Erta Ale volcano activity recorded from the edge of the lava lake. Massive volumes of toxic gas being spewed out constantly with occasional lava bursts and bombs. Constant and noisy magma movement. Recorded in mono with Sennheiser MKH8060 microphone.	596,84
8	MAFX019 Volcano - Lava movement and gases escaping - MKH8060 mono 02.wav	Erta Ale volcano activity recorded from the edge of the lava lake. Massive volumes of toxic gas being spewed out constantly with occasional lava bursts and bombs. Constant and noisy magma movement. Recorded in mono with Sennheiser MKH8060 microphone.	630,5
9	MAFX019 Volcano - Lava movement and gases escaping - MKH8060 mono 03.wav	Erta Ale volcano activity recorded from the edge of the lava lake. Massive volumes of toxic gas being spewed out constantly with occasional lava bursts and bombs. Constant and noisy magma movement. Recorded in mono with Sennheiser MKH8060 microphone.	634,48
10	MAFX019 Volcano - Lava movement and gases escaping - MKH8060 mono 04.wav	Erta Ale volcano activity recorded from the edge of the lava lake. Massive volumes of toxic gas being spewed out constantly with occasional lava bursts and bombs. Constant and noisy magma movement. Recorded in mono with Sennheiser MKH8060 microphone.	601,45
11	MAFX019 Volcano - Lava movement, gases escaping and debris - AB Stereo - MikroUsi 01.wav	Erta Ale volcano activity recorded from the edge of the lava lake. Massive volumes of toxic gas being spewed out constantly with occasional lava bursts and bombs. Constant and noisy magma movement. Recorded in AB stereo with LOM MikroUsi microphones.	440,16
12	MAFX019 Volcano - Lava movement, gases escaping and debris - AB Stereo - MikroUsi 02.wav	Erta Ale volcano activity recorded from the edge of the lava lake. Massive volumes of toxic gas being spewed out constantly with occasional lava bursts and bombs. Constant and noisy magma movement. Recorded in AB stereo with LOM MikroUsi microphones.	433,72
13	MAFX019 Volcano - Lava movement, gases escaping and debris - AB Stereo - MikroUsi 03.wav	Erta Ale volcano activity recorded from the edge of the lava lake. Massive volumes of toxic gas being spewed out constantly with occasional lava bursts and bombs. Constant and noisy magma movement. Recorded in AB stereo with LOM MikroUsi microphones.	447,78
